

ABOUT TRIHEALTH CORPORATE HEALTH

TriHealth Corporate Health is recognized as the employer health partner to more than 7,000 companies and organizations. Employers of all sizes and industry types trust TriHealth Corporate Health year after year to help them build and maintain healthy, strong and well balanced workforces.

As a division of TriHealth, a not-for-profit health system that includes Good Samaritan and Bethesda North Hospitals, we bring over 150 years of compassion and world-class care to the people we serve. Our division was established in the early 1980's with a single focus – to improve employee health thereby increasing workplace productivity.

Our medical staff, fitness and wellness specialists, and Worklife counselors are experts in Workplace Health and Medicine. We are passionate about helping businesses empower their employees to make healthy lifestyle choices, because healthy people perform to their fullest on the job and impact the overall health of our communities.

Corporate Health is uniquely positioned to help maximize an employer's opportunities for sustaining long-term bottom line success. We set the standard for holistic employee care, offering the industry's greatest breadth of employer health solutions delivered through an integrated model we developed called Health & Productivity Strategies, (HPS). HPS systematically addresses all aspects of employee health affecting work performance.

HEALTH + PRODUCTIVITY STRATEGIES

We are committed to helping employers care for their greatest assets – the individuals they employ. In partnership with employers, we will continue to develop innovative strategies that improve employee health, contain healthcare costs and increase staff productivity.

TriHealth Corporate Health includes SHARE® On-site Nurse Program, CONCERN® Services, Preventive Health Systems, Occupational Medicine, Executive Health, and TriHealth Fitness & Health Pavilion

Fostering Good Health & Minimizing Risks

Through On-site Nurse Management

SHARE®: Occupational Health Program

Today, employers are expected to improve employee health, create safe work environments, meet the demands of state and local regulatory agencies, and implement strategies that lower direct medical costs and costs associated from decreased productivity... all the while increasing employee on-the-job efficiency. To help you meet these incredible challenges, TriHealth Corporate Health brings you the highest quality, on-site employee health management support through our SHARE® program.

SHARE: Occupational Health Program (SHARE) provides worksite occupational health services on a full or part time basis to companies with forty or more employees. We become a part of your organization and can manage all aspects of employee health, safety and productivity. When our SHARE Nurses are on-site, you can be confident that your employees are getting excellent care, and your business interests are front and center as we advocate on your behalf with providers and regulatory agencies.

As part of TriHealth Corporate Health, we are dedicated to helping employers improve the health and productivity of their organizations. With workplace health our primary focus, we understand your needs unlike any other medical provider. When you invest in a SHARE Program, you get on-site expert care and advice that will help you foster a healthy and safe work environment and save your company money.

THE RIGHT CARE RIGHT WHERE YOU NEED IT

Since 1984, employers of all sizes and industry types have outsourced the management of their on-site employee health care to SHARE®. When our SHARE nurses become a part of your culture you have the right care, right where you need it. We are able to handle everything from policy and procedure development to compliance issues. You get an on-site occupational health expert who understands your work environment on a full-time or part-time basis.

Our program is unique. We bring the expertise of TriHealth Corporate Health's occupational medicine and health and productivity strategies into your workplace and deliver just the services you require. You have the advantages of a full service occupational staff without full-time expense. You get more than an individual nurse; you gain a team of occupational health professionals.

OUR SERVICES

SHARE helps you keep employees healthy, safe and on the job through proactive on-site employee health management. Through health education, injury treatment and disability management, and health screenings, we work with employees to improve health, and avoid health risks and accidents. Our work helps you minimize costs (medical and wage replacement) and enhance productivity.

The following services are available on a full or part time basis. Many can be provided on a consultation basis to meet specific short-term goals.

- Injury and Illness Prevention Care & Management
- Emergency Preparedness
- Medical Case Management (Occupational and Non-Occupational)
- Disability Management (Worker's Compensation and STD)
- Wellness: Health Education, Screening and Counseling
- OSHA Compliance: Medical Surveillance and Record Keeping
- FMLA and ADA: Other Regulatory Compliance
- Safety Programming
- Policy and Procedure Development

Your company will benefit from our highly knowledgeable and experienced management team of Occupational Health specialists. Your on-site Registered Nurse is supported by an R.N. Supervisor and a Medical Director, who are available as resources to you and your nurse. In collaboration with your company, we will assess your needs and tailor a program that complements and strengthens your existing initiatives while aligning with your unique culture and employee population.

WHY EMPLOYERS CHOOSE SHARE

Keep Employees on the Job & Minimize Risks

SHARE nurses are skilled in disability case management, overseeing on-the-job injury and employee illness to ensure that employees return to work safely and as quickly as possible. We provide active medical surveillance of employees in hazardous jobs and those at risk of medical conditions that develop over time, such as carpal tunnel syndrome and hearing loss.

Protect your organization through compliance

SHARE is experienced in cost-effective practices for compliance with regulations such as OSHA, Workers' Comp, FMLA, and ADA. Our nurses frequently manage mandated medical surveillance programs such as Hearing Conservation and Respiratory Protection and assist with training and record keeping for Exposure Control Plans (BBP) and First Responder programs. We also manage STD and LTD insurance programs.

Act as your Advocate with Physicians

SHARE serves as a valuable communication link between you and the physician facilitating early return-to-work and coordinating modified duty programs.

Provide occupational health expertise and professional support

SHARE is a full service program with the largest staff of occupational health nurses in Southern Ohio. We only employ Registered Nurses, many of whom have achieved Certified Occupational Health Nurse (COHN) or Certified Case Manager (CCM) status. As part of the TriHealth System, the partnership of Bethesda and Good Samaritan Hospitals, SHARE nurses have one of the most trusted health care systems in the region behind them.

Implement and Manage Health & Productivity Improvements

SHARE can integrate with the full range of employer health services delivered through TriHealth Corporate Health, providing you with everything you need to meet your goals. Our nurses coordinate prevention and wellness programs focusing on early detection of risk factors for serious disease. Our goal is to keep your work force healthier and more productive.

GET THE SUPPORT YOU NEED TO SIGNIFICANTLY IMPACT THE HEALTH OF YOUR ORGANIZATION THROUGH SHARE.

Our nurses will provide you with peace of mind as they provide the right care right where you need it ... delivering and managing proven employee health and productivity programs at your worksite each day.
